Summer Safety Tips

- Inspect play structures for splinters and loose fastenings, and remove or repair any damaged structures.
- Ensure trampolines are properly screened and enclosures are locked when not in use.
- Keep fences in good repair and fasten gates, particularly around yards with pools.
- Trim trees and bushes back from sidewalks for the safety of cyclists and pedestrians (aka your friends and neighbors).
- Overgrown lawns and shrubs attract pests. Regular yard maintenance keeps bugs, rodents, and other undesirables in the woods where they belong.
- Confirm your pest control or lawn care company flags chemically-treated areas.
- Keep kids and pets away from recently-treated lawns.
- Avoid leaving standing water in outdoor areas to minimize mosquito breeding.

The next board meeting is scheduled for June 1 at 7:30 p.m.

You can contact the board any time at board.whisperingcreek@gmail.com
